SRI C. M. ARUMUGHAM.—Sir, my question is, 'the total expenditure incurred by the Government by each Department for developmental works at K.G.F. Constituency'. The Hon'ble Minister for Planning and Wakf has furnished the information in respect of Social Welfare Department, Town Municipal Council, KGF, P.W.D., Animal Husbandry, Education and Health. What about the other Departments such as the Department of Industries and Commerce, Horticulture etc.?

SRI C. M. IBRAHIM.—The allocation of Plan money is made department wise and schemewise and not on Talukawise. We have tried our level best to get the information since it was a question of the hon. Member Sri C. M. Arumugham.

MR. SPEAKER.—You cannot distinguish between Member an Member.

SRI C. M. IBRAHIM.—I am sorry Sir. Whatever money was spent in respect of Electricity has been spent on schemewise and not areawise. Therefore, whatever figures furnished by me are approximate one. I cannot say these are exact figures.

SRI C. M. ARUMUGHAM.--During the period of last five years, the government have spent Rs. 48.70 lakhs for the welfare of Scheduled Caste and Schedule Tribes towards the maintenance of Hostel for Boys; maintenance of Hostel for Girls, maintenance of Women Welfare Centres and awarding Post-matric Scholarships etc. etc. Can we call them development works? Let me know, whether the government has constructed any Hostel Buildings or whether they extended the existing hostel buildings? I would like to know from the Hon. Minister, how many hostels were sanctioned and constructed during the last five years?

SRI C. M. IBRAHIM.--The question pertains to all the Ministries.

SRI C. M. ARUMUGHAM.--Sir, the Kolar Gold Field is an important city. Because of KGF, the Bangalore City got power supply but that area is neglected. They fill up some patches on roads here and there and the Public Works Department calls it as a development work. The construction of Motor Garage for the District Surgeon. Can we call it as a development work?

So I would like to know the details of the development works such as construction of Hostels, Women Welfare Centres, Children Welfare Centres etc.

SRI C. M. IBRAHIM.--It is too big a question to be answered. It is pertaining to various Departments. At present I am not having that information. If you put a separate question to the Ministers concerned, I think they will be able to answer.

SRI C. M. ARUMUGHAM.--So, the information is not available. Then I will ask about Town Municipal Councils.

MR. DEPUTY SPEAKER.--The hon. Minister has stated that he requires notice. It is too big a question. You have asked the questions pertaining to various Departments.

SRI C. M. ARUMUGHAM.--I am glad that the hon. Minister has collected the information. He is the Minister for Planning. It would be better if he collects information from each Constituency. If you go to a Minister's constituency, you will see there all the Developmental works but if you go to other constituencies represented by M.L.As., you will find no development works. You can appoint me to find out, from 1947 onwards, the details. (Laughter)

SRI H. C. SRIKANTIAH.--K. G. F. is very well developed. The per capita income is high there.

MR. DEPUTY SPEAKER.--Let us proceed to the next question.

SRI C. M. ARUMUGHAM.—Sir, if you do not allow me to put question, I will have to sit because I do not disobey the Chair. I would like to know what are the development works they have taken up in the Town Municipal Councils particularly in Robertsonpet. I would like to know whether they have constructed a Market for Andersonpet or whether they have made any improvements to the existing market at Robertsonpet, whether they have constructed new roads and drains and whether sanitary facilities are provided by way of constructing lavatories.

SRI C. M. IBRAHIM.—I am a Planning Minister. I am not planning for what the Municipalities are to do. They are having their own Planning Departments. We cannot mention the amount area-wise. We can give it taluk-wise. For Kolar District we have provided about Rs. 5 crores. It is for the District authorities to allocate the money to different area. I would like to tell one more thing. This time, the Government is seriously considering and also the Central Government has advised to have areawise plans. Already 175 taluks have been identified and we have requested the Central Government to give substantial amount to have a Planning Cell in each taluka. I think from the next year we will be able to have area-wise plans. Then we can easily divert the money taluka-wise as required. The hon. Members's question is not Taluka-wise. He has very cleverly put it for Robertsonpet. We cannot get those details. It is very difficult.

SRI C. M. ARUMUGHAM.—Sir, once in a year I am raising a question regarding K.G.F. So far as Bangalore is concerned, every day there will be some discussion pertaining to Cauvery water supply, milk supply etc., Sir, there is an improvement to the P.W.D. roads and Munsiff Courts. Is it a development work? Improvement to the Police quarters, construction of quarters etc., Do you call it as a development work? Sir, if you come to K.G.F. two/three times in your Car, you will have to spend Rs. 10,000 for repairing your car. What is the Development and what is the amount spent? You are getting so much income from the mines there. You are not spending even 25% of it. Kindly see that you direct all the Department to take up development works in K.G.F.

MR. DEPUTY SPEAKER.—Let us go to the next question.

SRI C. M. ARUMUGHAM.—Let us see what is the reply.

MR. DEPUTY SPEAKER.—I know it.
